STEP 1: Channel name

Copy this prompt to come up with a channel name:

Give me 20 random, made up names that sound like a real middle aged person working in the government

STEP 2: Avatar

1. Go to <https://gemini.google.com>
2. Paste this prompt

```
{ "prompt": "A hyper-realistic cinematic photograph in 16:9 aspect ratio of a middle-aged man sitting at a polished wooden desk in a formal government office setting. The man is wearing a dark navy blue tailored suit, white dress shirt, and a solid dark blue tie. He has short dark brown hair with slight recession at the temples, neatly groomed salt-and-pepper beard, and a serious, professional facial expression. He is looking directly into the camera, hands resting symmetrically on an open white binder with metal rings on the desk. The background is a rich dark wooden wall panel. On the left side behind him stands an American flag with gold tassels. On the right side behind him stands a blue government flag with an eagle emblem and gold fringe. The lighting is soft, balanced, professional studio lighting, evenly illuminating the subject's face with subtle shadows for depth. Camera is centered, eye-level, medium framing from waist up, symmetrical composition, authoritative documentary style, official press conference aesthetic, ultra realistic skin texture, natural pores, realistic fabric folds, sharp focus, depth of field slightly blurred background, 8K resolution, cinematic color grading, neutral tones, high dynamic range, photorealistic, professional broadcast quality.", "negative_prompt": "cartoon, illustration, painting, anime, 3d render, cgi, unrealistic lighting, low resolution, blurry, grainy, distorted face, extra fingers, deformed hands, exaggerated facial features, text, watermark, logo, brand mark, gemini logo, ui elements", "style": { "photography_type": "cinematic documentary portrait", "lighting": "soft professional studio lighting, key light front, subtle rim light, natural shadows", "camera": { "lens": "50mm", "aperture": "f/2.8", "angle": "eye level", "framing": "medium shot, symmetrical" }, "color_grading": "neutral professional broadcast tones", "sharpness": "ultra sharp, realistic micro-details" }, "render_settings": { "resolution": "7680x4320", "aspect_ratio": "16:9", "quality": "ultra", "realism_level": 10, "detail_level": 10, "noise": "minimal", "dynamic_range": "high", "texture_fidelity": "maximum" }, "composition_rules": [ "perfect symmetry", "subject centered", "flags positioned left and right", "desk visible in foreground", "wooden wall background", "widescreen cinematic framing" ], "post_processing": { "skin": "natural realistic skin texture", "sharpening": "subtle", "contrast": "medium", "clarity": "high", "film_grain": "none" } }
```

STEP 3: 20 unique video ideas

Copy this prompt:

Generate 20 unique video ideas for a YouTube channel that covers political and legal drama, court cases, federal investigations, and shocking power struggles. The channel focuses on the downfall, exposure, or legal consequences of powerful public figures (presidents, politicians, billionaires, CEOs), narrated in a faceless news style. The videos should feel dramatic, urgent, and authoritative – like breaking news about prison, trials, leaked evidence, court rulings, asset seizures, or betrayals. Each title should: Sound like a warning, threat, or final outcome (e.g. “He’s FINISHED”, “It’s TOO LATE”, “They CAUGHT Him”, “Final Appeal REJECTED”). Reference real institutions or power structures (e.g. FBI, DOJ, Supreme Court, Judge, Prosecutor, IRS, Banks, Congress, Whistleblower). Include emotionally charged phrases that spark fear or curiosity (e.g. “EXPOSED”, “FREEZES”, “SEIZED”, “LEAKED”, “DENIED”, “COLLAPSES”, “PRISON”, “FINAL HOURS”). Be between 8-14 words long. Feel like something a serious political/news audience would click, not comedy or satire. Example titles you can model (but change the topic and angle): “Trump FACES PRISON As Supreme Court REJECTS Final Appeal” “Judge EXPOSES Private Texts As Defense COLLAPSES” “FBI SEIZES Hidden Files As Whistleblower LEAKS Evidence” “Banks FREEZE All Accounts After Court Ruling” “Prosecutor Says ‘It’s TOO LATE’ After New Evidence Emerges” The ideas should be suitable for: faceless narration stock footage and news clips dramatic thumbnails with one authority figure and bold text The overall vibe is: power, authority, scandal, exposure, downfall, law, fear, shock, high stakes.
